About Me:

- **Computer Science student, Full Stack Developer.**
- Continuously honing skills in **React.js, Tailwind CSS, JavaScript, HTML**, and **Java**.
- Driven by a passion for **data structures and algorithms**, I'm an avid **LeetCode enthusiast**, with over 270+ questions solved, consistently aiming for higher accomplishments.
- With hands-on experience in building and optimizing web applications, I excel at creating efficient, maintainable code.
- My background includes achievements in **coding competitions** and **debate**, where I further developed strong **problem-solving** and **communication skills**.
- Eager to contribute as an **intern** in a challenging tech environment, I bring both technical skill and a commitment to growth.

Technical Skills:

- **Frontend Development:** React.js, Tailwind CSS, JavaScript, HTML, CSS , Socket , Various Libraries.
- **Backend Development:** Node.js, Express , MongoDB , SQL
- **Programming Languages:** Java, Python, JavaScript
- **Problem-Solving:** Data Structures and Algorithms, LeetCode (270+ questions solved)
- **Other Tools:** Visual Studio Code, WSL, Neovim , Git , Linux

Experience:

- **NoCnx Technologies & NoCnx Ai**
 - Full-Stack Developer
 - UI / UX
 - Selected for a parallel Generative AI and LLM learning program to expand expertise in modern AI technologies

Education:

- **Bachelors in Computer Science** (Expected Graduation: 2027)-Narula Institute of Technology, Kolkata
 - CGPA – 8.4
- **Higher Secondary School Certificate-** St. Mary's English High School, Bistupur, Jamshedpur
 - Percentage – 83.2
- **Secondary School Certificate –** Kerala Public School , Mango , Jamshedpur
 - Percentage – 89.9%

My Projects:

- **NoteMaster** : <https://my-notes-three-flax.vercel.app/> | <https://github.com/syedmdfarhaneazam/myNotes>
A note making app with a code window (auto formatting and indentation) | 16 themes | 32 font color | Distinct font size | fully customizable | fully secure | always hovers on top | make notes with lecture on full screen.
- **Personal Portfolio** : <https://my-portfolio-rho-plum-34.vercel.app/> | <https://github.com/syedmdfarhaneazam/MyPortfolio>
- **Student Teacher portal** : <https://study-portal-tan.vercel.app/> | <https://github.com/syedmdfarhaneazam/studyPortal>
A portal using role based login for teacher and student – teachers can set tasks and every student can view those tasks – add reminders for the tasks , teacher can manage all students.
- **Quiz Web Template** : <https://quiz-web-template.vercel.app/> | <https://github.com/syedmdfarhaneazam/QuizWebTemplate>
A simple, one-page quiz template built using React.js, JavaScript, HTML, CSS, and Tailwind CSS. Includes efficient algorithms for answer validation and a custom animated background.
- **Management App** : <https://github.com/syedmdfarhaneazam/ManagementApp>
A project management tool that allows users to add, delete, and track projects or ideas. Built with React.js and Tailwind CSS.
- **RBAC** : (<https://github.com/syedmdfarhaneazam/rbac-ui>)
A Role-Based Access Control model with CRUD functionality, featuring login functionality tailored for different user roles, including admin, client, and developer.
